

WOODROW WILSON REHABILITATION CENTER
Fishersville, Virginia 22939

POLICY FOR ALCOHOL AND OTHER DRUGS

Client Name: _____
(Last, First, Middle)

PID # _____

WWRC offers a therapeutic environment 24 hours a day and is a drug free school zone. We recognize that substance abuse interferes with a person's ability to benefit from rehabilitation services. Therefore, the following policy has been developed to enhance each client's ability to successfully complete their rehabilitation program by assisting them to receive substance abuse treatment services when appropriate and to provide for a safe and therapeutic environment.

The use and/or possession of alcohol and other drugs on WWRC property, in WWRC vehicles, or at WWRC functions are prohibited. The intoxicated condition of any WWRC client on WWRC property, in WWRC vehicles, or at WWRC functions is also prohibited. A violation of this policy is considered a serious incident and will result in an administrative review. Unless discharged through the administrative review process, clients will be referred for substance abuse evaluation, which may result in mandatory education or treatment. Tolerance limits are established through the WWRC Substance Abuse Disposition and Intervention Procedure.

Anyone found to be in possession of illegal drugs with intent to distribute will be processed under the conditions of the Virginia Statute 18.2-255.2 (Drug Free School Act).

I understand the above substance abuse policy.
